Bluetooth Audio Adapter Receiver/Transmitter

DA-30501
4016032319535

Stream up your music!

The Bluetooth audio adapter receiver/transmitter is equipped with the latest Bluetooth technology and transmits music from non-Bluetooth enabled devices (e.g. MP3-player, CD-player or TV) on devices with a Bluetooth receiver, such as a Bluetooth headset or headphones. The adapter can also be connected to your stereo system to play music from Bluetooth-enabled device through your stereo system.

- Bluetooth 2.1, +EDR, up to 30m distance source
- up to 10m distance to source, class 2
- Supports A2DP and AVRCP profiles
- Frequency range: 40 Hz - 14 kHz
- Battery size: 270 mAh
